GLOSSARY OF ACRONYMS AND TERMS

The following is a list of common acronyms and terms we regularly use in our financial reporting:

AACL	Adjusted Allowance for Credit Losses
ACL	Allowance for Credit Losses: Allowance for Loan and Lease Losses plus Allowance for Unfunded Lending Commitments
AOCI	Accumulated Other Comprehensive Income (Loss)
ASU	Accounting Standards Update
ATM	Automated Teller Machine
BHC	Bank Holding Company
Board or Board of Directors	The Board of Directors of Citizens Financial Group, Inc.
CBNA	Citizens Bank, National Association
CCAR	Comprehensive Capital Analysis and Review
CCB	Capital Conservation Buffer
CCMI	Citizens Capital Markets, Inc.
CECL	Current Expected Credit Losses (ASU 2016-13, Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments)
CET1	Common Equity Tier 1
CET1 capital ratio	Common Equity Tier 1 capital divided by total risk-weighted assets as defined under the U.S. Basel III Standardized approach
CFTC	Commodity Futures Trading Commission
Citizens, CFG, the Company, we, us, or our	Citizens Financial Group, Inc. and its Subsidiaries
COVID	Coronavirus Disease
CRA	Community Reinvestment Act
CSA	Credit Support Annex
CVA	Credit Valuation Adjustment
DH Capital	DH Capital, LLC
Dodd-Frank Act	The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010
FDIA	Federal Deposit Insurance Act
Federal Banking Regulators	Board of Governors of the Federal Reserve System, Federal Deposit Insurance Corporation and Office of the Comptroller of the Currency
FHA	Federal Housing Administration
FHLB	Federal Home Loan Bank
FHLMC	Federal Home Loan Mortgage Corporation
FNMA	Federal National Mortgage Association
Form 10-K	Annual Report on Form 10-K
Form 10-Q	Quarterly Report on Form 10-Q
FR Y-9C	Regulatory Financial Statements for Bank Holding Companies
FRB or Federal Reserve	Board of Governors of the Federal Reserve System and, as applicable, Federal Reserve Bank(s)
GAAP	Accounting Principles Generally Accepted in the United States of America
GNMA	Government National Mortgage Association
HSBC	HSBC Bank U.S.A., N.A.
HSBC transaction	Acquisition of HSBC East Coast branches and national online deposit business
Investors	Investors Bancorp, Inc. and its subsidiaries
JMP	JMP Group LLC
MBS	Mortgage-Backed Securities

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

Mid-Atlantic	District of Columbia, Delaware, Maryland, New Jersey, New York, Pennsylvania, Virginia, and West Virginia
Midwest	Illinois, Indiana, Michigan, and Ohio
Modified AACL Transition	The Day-1 CECL adoption entry booked to ACL plus 25% of subsequent CECL ACL reserve build
Modified CECL Transition	The Day-1 CECL adoption entry booked to retained earnings plus 25% of subsequent CECL ACL reserve build
MSRs	Mortgage Servicing Rights
New England	Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont
NRSRO	Nationally Recognized Statistical Ratings Organizations
OCC	Office of the Comptroller of the Currency
OTC	Over the Counter
Parent Company	Citizens Financial Group, Inc. (the Parent Company of Citizens Bank, National Association and other subsidiaries)
PCD	Purchased Credit Deteriorated
RWA	Risk-Weighted Assets
SCB	Stress Capital Buffer
SSFA	Simplified Supervisory Formula Approach
Tailoring Rules	Rules establishing risk-based categories for determining prudential standards for large U.S. and foreign banking organizations, consistent with the Dodd-Frank Act, as amended by the Economic Growth, Regulatory Relief and Consumer Protection Act
Tier 1 capital ratio	Tier 1 capital, which includes Common Equity Tier 1 capital plus non-cumulative perpetual preferred equity that qualifies as additional tier 1 capital, divided by total risk-weighted assets as defined under the U.S. Basel III Standardized approach
Tier 1 leverage ratio	Tier 1 capital, which includes Common Equity Tier 1 capital plus non-cumulative perpetual preferred equity that qualifies as additional tier 1 capital, divided by quarterly adjusted average assets as defined under the U.S. Basel III Standardized approach
Total capital ratio	Total capital, which includes Common Equity Tier 1 capital, tier 1 capital and allowance for credit losses and qualifying subordinated debt that qualifies as tier 2 capital, divided by total risk-weighted assets as defined under the U.S. Basel III Standardized approach
USDA	United States Department of Agriculture
VA	United States Department of Veterans Affairs
VaR	Value at Risk
VIE	Variable Interest Entities

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

INTRODUCTION

Citizens Financial Group, Inc. is one of the nation's oldest and largest financial institutions, with \$226.7 billion in assets as of December 31, 2022. Headquartered in Providence, Rhode Island, we offer a broad range of retail and commercial banking products and services to individuals, small businesses, middle-market companies, large corporations and institutions. We help our customers reach their potential by listening to them and by understanding their needs in order to offer tailored advice, ideas and solutions. In Consumer Banking, we provide an integrated experience that includes mobile and online banking, a full-service customer contact center and the convenience of approximately 3,400 ATMs and more than 1,100 branches in 14 states and the District of Columbia. Consumer Banking products and services include a full range of banking, lending, savings, wealth management and small business offerings. In Commercial Banking, we offer a broad complement of financial products and solutions, including lending and leasing, deposit and treasury management services, foreign exchange, interest rate and commodity risk management solutions, as well as loan syndication, corporate finance, merger and acquisition, and debt and equity capital markets capabilities. More information is available at www.citizensbank.com.

On February 18, 2022, CBNA completed the acquisition of the HSBC East Coast branches and national online deposit business. The transaction extends our physical presence and adds customers in several attractive markets, accelerating our national expansion strategy. The transaction includes 66 branches in the New York City metropolitan area, 9 branches in the Mid-Atlantic/Washington D.C. area, and 5 branches in Southeast Florida.

On April 6, 2022, Citizens completed the acquisition of all outstanding shares of Investors for a combination of stock and cash. The acquisition enhances Citizens' banking franchise, adding an attractive middle market, small business and consumer customer base while building our physical presence in the Mid-Atlantic region with the addition of 154 branches located in the greater New York City and Philadelphia metropolitan areas and across New Jersey.

On June 8, 2022, Citizens completed the acquisition of DH Capital, a private investment banking firm serving companies in the internet infrastructure, software, IT services and communications sectors. This acquisition further strengthens our growing corporate advisory capabilities.

For additional information regarding these acquisitions see Note 2 in our 2022 Form 10-K.

Report Overview

We produce the Pillar 3 Regulatory Disclosures quarterly to update market participants regarding risk-based capital and risk exposures as required under the U.S. Basel III rules. This report provides information on our capital structure, risk exposures, risk assessment processes, RWA and overall capital adequacy, including information on the methodologies used to calculate RWA. This report is unaudited and should be read in conjunction with our 2022 Form 10-K, which includes important information on risk management policies and practices, and our December 31, 2022 FR Y-9C. Appendix 1 of this report contains references to specific sections of our 2022 Form 10-K to facilitate location of applicable information.

This report may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Any statement that does not describe historical or current facts is a forward-looking statement, as discussed further in Appendix 2 of this report.

Scope of Application

CFG is a "standardized approach" and "AOCI opt-out" reporting institution under the U.S. Basel III Standardized framework. Our basis for consolidation used for regulatory financial statement reporting purposes is the same as the basis used for our financial statements prepared under GAAP. Refer to Note 1 in our 2022 Form 10-K for more information on the basis for consolidation for financial reporting purposes.

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

Restrictions on transfers between CFG and CBNA

CFG is a financial holding company and a BHC, regulated and supervised by the FRB. The OCC is the primary regulator and supervisor for CBNA. Applicable statutes and regulations that may pertain either to CFG, CBNA, and all entities as affiliates may restrict transfers of funds and capital between these entities.

Sections 23A and 23B of the Federal Reserve Act and FRB Regulation W are the primary restrictors of lending, borrowing, and otherwise transacting business between affiliates. Refer to “Business - Regulation and Supervision - Transactions with Affiliates and Insiders” in our 2022 Form 10-K for a discussion of these regulations. Restrictions on the payment of dividends and other capital distributions weigh most heavily on CBNA. The FRB expects a BHC to act as a “source of strength” to each individual subsidiary bank it owns by providing capital and liquidity as needed. Consistent with this view, bank regulators ensure that a bank does not return capital to the BHC in a manner that would undermine its overall “safety and soundness.” Therefore, CBNA is subject to specific qualitative and quantitative tests and examinations that may restrict it from paying dividends or otherwise returning capital to the Parent Company. For more information, refer to “Business - Regulation and Supervision” in our 2022 Form 10-K for an overview of the general controls and restrictions imposed on distributions of capital by CBNA and “Management's Discussion and Analysis of Financial Condition and Results of Operations - Capital and Regulatory Matters” in our 2022 Form 10-K for details of CBNA's status versus its applicable regulatory minimums.

CFG and CBNA are subject to capital adequacy and liquidity standards. If CFG or CBNA fail to meet these standards, it could have an adverse effect on our financial condition and operations. Refer to “Risk Factors - Risks Related to Regulations Governing Our Industry” in our 2022 Form 10-K.

RISK GOVERNANCE

We are committed to maintaining a strong, integrated and proactive approach to the management of all risks to which we are exposed in pursuit of our business objectives. A key aspect of our Board's responsibility as the main decision making body is setting our risk appetite to ensure that the levels of risk that we are willing to accept in the attainment of our strategic business and financial objectives are clearly understood.

To enable our Board to carry out its objectives, it has delegated authority for risk management activities, as well as governance and oversight of those activities, to a number of Board and executive management level risk committees. The Executive Risk Committee, chaired by the Chief Risk Officer, is responsible for oversight of risk across the enterprise and actively considers our inherent material risks, analyzes our overall risk profile and seeks confirmation that the risks are being appropriately identified, assessed and mitigated. Reporting to the Executive Risk Committee are the following committees covering specific areas of risk: Compliance and Operational Risk, Model Risk, Credit Policy, Asset Liability, Business Initiatives Review, and Conduct and Ethics.

Refer to “Management's Discussion and Analysis of Financial Condition and Results of Operations - Risk Governance” in our 2022 Form 10-K for additional information on our risk governance practices.

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

CAPITAL STRUCTURE AND ADEQUACY

Capital Structure

We manage capital to ensure consistency with all applicable regulations and statutes, as well as with Board-approved internal policies established to ensure that the quantity and quality of current and projected capital will be adequate in relation to the risks that we assume across all lines of business. Refer to “Management’s Discussion and Analysis of Financial Condition and Results of Operations - Capital and Regulatory Matters” in our 2022 Form 10-K for additional information. As of December 31, 2022, our regulatory capital instruments consisted of common equity that qualifies as CET1 capital, preferred stock that qualifies as additional tier 1 capital, and subordinated debt that qualifies as tier 2 capital. Table 1 below presents our regulatory capital instruments for the period ended December 31, 2022.

Table 1	
(in millions, except share and per share data)	
Common Equity	
Common stock and related surplus, net of treasury stock	\$17,077
\$.01 par value, 1,000,000,000 shares authorized, 645,220,018 shares issued, and 492,282,158 shares outstanding	
Preferred Equity	
Preferred stock and related surplus	
\$25.00 par value, 100,000,000 shares authorized, liquidation preference of \$1,000 per share:	
Series B: 300,000 shares issued and outstanding	296
Series C: 300,000 shares issued and outstanding	297
Series D: 300,000 ⁽¹⁾ shares issued and outstanding	293
Series E: 450,000 ⁽²⁾ shares issued and outstanding	437
Series F: 400,000 shares issued and outstanding	395
Series G: 300,000 shares issued and outstanding	296
Total preferred stock and related surplus	\$2,014
Qualifying Subordinated Debt	
3.750% fixed-rate subordinated debt, due July 2024 (non-qualifying \$72) ⁽³⁾	18
4.023% fixed-rate subordinated debt, due October 2024 (non-qualifying \$13) ⁽³⁾	4
4.350% fixed-rate subordinated debt, due August 2025 (non-qualifying \$80) ⁽³⁾	53
4.300% fixed-rate subordinated debt, due December 2025 (non-qualifying \$202) ⁽³⁾	134
4.300% fixed-rate reset subordinated debt, due February 2031	135
3.750% fixed-rate reset subordinated debt, due February 2031	69
4.350% fixed-rate reset subordinated debt, due February 2031	61
2.638% fixed-rate subordinated debt, due September 2032	556
5.641% fixed-rate reset subordinated debt, due May 2037	397
Total qualifying subordinated debt	\$1,427

⁽¹⁾ Represented by 12,000,000 depositary shares each representing a 1/40th interest and a liquidation preference of \$25 per depositary share.

⁽²⁾ Represented by 18,000,000 depositary shares each representing a 1/40th interest and a liquidation preference of \$25 per depositary share.

⁽³⁾ Per the U.S. Basel III Standardized rules, tier 2 capital instrument eligibility for inclusion in regulatory capital is phased out 20% per year, beginning five years prior to the applicable maturity date.

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

Our regulatory adjustments and deductions from CET1 capital are presented in Table 2 below and include goodwill and intangible assets (excluding MSRs) net of associated deferred tax liabilities. The U.S. Basel III capital rules also require additional capital deductions for MSRs, certain deferred tax assets (“DTAs”) and investments in the capital of unconsolidated financial institutions.

Under the U.S. Basel III rules, the CET1 deduction threshold for MSRs, certain DTAs and investments in the capital of unconsolidated financial institutions is 25%. As of December 31, 2022 we did not meet the threshold for these additional capital deductions. MSRs or certain DTAs not deducted from CET1 capital are assigned a 250% risk weight and investments in the capital of unconsolidated financial institutions not deducted from CET1 capital are assigned an exposure category risk weight.

In reaction to the COVID disruption, the federal banking regulators adopted a final rule relative to regulatory capital treatment of the ACL under CECL. This rule allowed electing banking organizations to delay the estimated impact of CECL on regulatory capital for a two-year period ending December 31, 2021, followed by a three-year transition period ending December 31, 2024. The three-year transition period will phase-in the reversal of the aggregate amount of the capital benefit provided during the initial two-year delay. On December 31, 2021, the aggregate amount of capital benefit was \$384 million. The reduction in the capital benefit in 2022 was \$96 million, or approximately 6 basis points.

As an “AOCI opt-out” institution, we are not required to recognize in regulatory capital the impacts of net unrealized gains and losses included within AOCI for debt securities that are available for sale or held to maturity, accumulated net gains and losses on cash flow hedges and certain defined benefit pension plan assets.

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

As of December 31, 2022, CET1 capital represented 78% of our total regulatory capital. Table 2 below presents our regulatory capital composition for the period ended December 31, 2022.

Table 2	
(in millions)	
Common stock and related surplus, net of treasury stock	\$17,077
Retained earnings	9,159
Accumulated other comprehensive loss	(4,560)
Total common shareholders' equity	21,676
Exclusions:	
Modified CECL transitional amount	288
Net unrealized (gains)/losses recorded in accumulated other comprehensive income, net of tax:	
Debt securities	2,771
Derivatives	1,416
Unamortized net periodic benefit costs	373
Deductions:	
Goodwill, net of deferred tax liability	(7,780)
Other intangible assets, net of deferred tax liability	(170)
Total common equity tier 1 capital	18,574
Qualifying preferred stock	2,014
Total tier 1 capital	20,588
Qualifying subordinated debt ⁽¹⁾	1,427
Allowance for credit losses	2,240
Exclusions from tier 2 capital:	
Modified AACL transitional amount	(374)
Allowance on PCD assets	(126)
Adjusted allowance for credit losses	1,740
Total tier 2 capital	3,167
Total capital	\$23,755

⁽¹⁾ Non-qualifying subordinated debt excluded from regulatory capital is \$367 million.

Capital Adequacy Process

Our assessment of capital adequacy begins with our Board-approved risk appetite and risk management framework. This framework provides for the identification, measurement and management of material risks. For more information on our capital adequacy risk appetite and risk management framework, refer to "Management's Discussion and Analysis of Financial Condition and Results of Operations - Capital and Regulatory Matters" in our 2022 Form 10-K.

Under the FRB's Tailoring Rules, Category IV firms, such as us, are subject to biennial supervisory stress testing and are exempt from company-run stress testing and related disclosure requirements. The FRB supervises Category IV firms on an ongoing basis, including evaluation of the capital adequacy and capital planning processes during off-cycle years. Annually, the FRB requires us to submit a capital plan approved by our Board of Directors or one of its committees. We submitted our 2022 Capital Plan to the FRB on April 4, 2022, and must submit our 2023 Capital Plan by April 5, 2023. We expect the FRB to provide us with our preliminary SCB requirement in June 2023 and our final SCB requirement by August 31, 2023. The final SCB requirement will become effective on October 1, 2023 and will remain in effect until September 30, 2024. For more information, see the "Tailoring of Prudential Requirements" section in Item 1 of our 2022 Form 10-K.

We develop a capital plan and conduct routine capital management activities in compliance with internal limits and operating targets that we establish for each regulatory capital ratio. The intent of these limits and targets is

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

to meet both regulatory and market expectations, while also ensuring an efficient return to shareholders. We set these internal limits and targets to comply with the U.S. Basel III minimums, which include applicable buffer requirements. Refer to the related discussion in the “Stress Capital Buffer” section of this report.

Regulations relating to capital planning, regulatory reporting, stress testing and capital buffer requirements applicable to firms like us are presently subject to rule-making and potential further guidance and interpretation by the applicable federal regulators. We will continue to evaluate the impact of these and any other prudential regulatory changes, including their potential resultant changes in our regulatory and compliance costs and expenses. For additional information, see “Business - Regulation and Supervision” and “Management's Discussion and Analysis of Financial Condition and Results of Operations - Capital and Regulatory Matters” in our 2022 Form 10-K.

Table 3 below presents the U.S. Basel III Standardized capital ratios for CFG and CBNA as of December 31, 2022. All ratios remained well above the U.S. Basel III minimums. Refer to “Management's Discussion and Analysis of Financial Condition and Results of Operations - Capital and Regulatory Matters” in our 2022 Form 10-K for additional information related to the calculation of our capital ratios.

Table 3			
Citizens Financial Group, Inc.			
	Ratio	Required Minimum plus Required SCB for Non-Leverage Ratios ⁽¹⁾	FDIA Required Well-Capitalized Minimum for Purposes of Prompt Corrective Action ⁽²⁾
CET1 capital	10.0 %	7.9 %	N/A
Tier 1 capital	11.1	9.4	N/A
Total capital	12.8	11.4	N/A
Tier 1 leverage	9.3	4.0	N/A
Citizens Bank, National Association			
	Ratio	Required Minimum plus Required CCB for Non-Leverage Ratios ⁽¹⁾	FDIA Required Well-Capitalized Minimum for Purposes of Prompt Corrective Action
CET1 capital	11.2 %	7.0 %	6.5 %
Tier 1 capital	11.2	8.5	8.0
Total capital	12.7	10.5	10.0
Tier 1 leverage	9.4	4.0	5.0

⁽¹⁾ The minimum non-leverage capital ratio includes our stress capital buffer of 3.4% and CBNA includes the capital conservation buffer of 2.5%.

⁽²⁾ Prompt corrective action provisions apply only to our insured depository institution, CBNA.

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

Table 4 below presents the composition of our RWA for the period ended December 31, 2022. Refer to “Schedule HC-R - Part II Risk-Weighted Assets” in our December 31, 2022 FR Y-9C report for details on adjustments and deductions to calculate total RWA.

Table 4	
(in millions)	
Corporate exposures	\$97,627
Other retail exposures	41,816
Residential mortgage exposures	16,881
Other assets	15,264
Mortgage backed securities - FNMA & FHLMC	3,492
Equities	2,968
Letters of credit	1,972
Securitization exposures	1,822
Statutory multifamily mortgage exposures	1,198
Past due loans (excluding Sovereigns, Guarantees & Home Lending)	745
High volatility commercial real estate	521
Exposures to sovereign entities	103
Exposures to depository institutions, foreign banks, and credit unions	50
Cleared transactions	25
Default fund contributions	1
Total standardized RWA for credit risk exposure	\$184,485
Market risk	739
Total RWA	\$185,224

Refer to “Management’s Discussion and Analysis of Financial Condition and Results of Operations - Capital and Regulatory Matters” in our 2022 Form 10-K for more information regarding capital ratios and the capital adequacy process.

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

Stress Capital Buffer

We are subject to the firm-specific risk sensitive Stress Capital Buffer (“SCB”). The SCB is based on the projected losses under the supervisory severely adverse scenario of each firm subject to CCAR plus four quarters of planned common stock dividends, subject to a floor of 2.5%. Under the SCB framework, the FRB will not object to capital plans on quantitative grounds and each firm is required to maintain capital ratios above the sum of its minimum and SCB requirements to avoid restrictions on capital distributions and discretionary bonus payments.

For Category IV firms, like us, the SCB will be re-calibrated with each biennial supervisory stress test and updated annually to reflect our planned common stock dividends. On August 4, 2022, the FRB announced, based on the results of the 2022 CCAR supervisory stress tests, that our SCB will remain at 3.4% through September 30, 2023. To incorporate the effects of the Investors acquisition on our capital requirements, the FRB will require that we participate in the 2023 CCAR supervisory stress test.

Based on our current SCB, the effective minimum risk-based capital requirements applicable to us are:

- 7.9% CET1 capital to RWA (minimum 4.5% plus 3.4% SCB);
- 9.4% Tier 1 capital (CET1 plus Additional Tier 1 capital) to RWA (minimum 6.0% plus 3.4% SCB); and
- 11.4% Total capital (Tier 1 capital plus Tier 2 capital) to RWA (minimum 8.0% plus 3.4% SCB).

As of December 31, 2022, the lowest of our three risk-based capital ratios less applicable minimum was 4.8%, well above our SCB of 3.4%. As a result, we are not subject to payout ratio limitations on our capital distributions or certain discretionary bonus payments. Eligible retained income⁽¹⁾ at December 31, 2022 was \$1.0 billion, consisting of net income for the preceding four quarters, net of any distributions and associated tax effects not already in net income.

⁽¹⁾ Eligible retained income is defined by regulations as the greater of (1) net income for the four preceding calendar quarters, net of any distributions and associated tax effects not already reflected in net income, and (2) the average of a banking organization’s net income over the preceding four quarters.

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

CREDIT RISK

Credit Risk Exposure

Table 5 below presents total credit risk exposures for our loans, loans held for sale, leases, contractual commitments to extend credit, and letters of credit for the period ended December 31, 2022. This table is categorized by counterparty types for both commercial and retail loan products.

Table 5	
(in millions)	
Commercial and industrial	\$100,478
Commercial real estate	39,399
Leases	1,598
Total commercial	141,475
Residential mortgages	31,558
Home equity	37,081
Automobile	12,292
Education	13,011
Other retail	20,422
Total retail	114,364
Total	\$255,839

Refer to “Management's Discussion and Analysis of Financial Condition and Results of Operations - Risk Governance - Credit Risk” in our 2022 Form 10-K for more information on credit risk governance.

Our loan and lease credit related accounting policies are presented in Note 6 in our 2022 Form 10-K.

Our investment securities portfolio includes U.S. Treasury and agency securities, agency mortgage-backed securities, non-agency mortgage-backed securities and asset-backed securities. The most important element management relies on when assessing credit risk for U.S. Treasury and agency securities and agency mortgage-backed securities is the guarantee of the Federal Government or one of its agencies. When applicable, we consider geography as a factor when managing our investments in securities issued by state and political subdivisions. We assess the credit risk for non-agency mortgage-backed securities and asset-backed securities based on senior to subordinated credit support levels and an analysis of the bond's underlying collateral characteristics. As a secondary measure, the non-agency mortgage-backed securities consider ratings by NRSRO, but not solely relied upon, to determine the creditworthiness of the issuance.

Refer to Note 4 and Note 14 in our 2022 Form 10-K and the “Counterparty Credit Risk-Related Disclosures” section of this report for more information on our credit risk exposures related to investment securities and derivatives. Refer to “Management's Discussion and Analysis of Financial Condition and Results of Operations - Net Interest Income” in our 2022 Form 10-K for average balances of our loans and leases and investment securities. The average credit risk exposure related to our OTC derivatives for the quarter ended December 31, 2022 was \$1.3 billion.

Refer to Note 19 in our 2022 Form 10-K for more information on the credit risk exposure related to our off-balance sheet commitments (including contractual commitments to extend credit and letters of credit). The average credit risk exposure associated with our off-balance sheet credit commitments and letters of credit for the quarter ended December 31, 2022 was \$98 billion.

Table 6 below presents the geographic distribution of our loans, loans held for sale, leases, credit commitments and letters of credit. The geographic distribution presented in this table uses the address of the customer as the basis for classification. Amounts reported as “Other” include credit to customers outside of the Mid-Atlantic,

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

Midwest, and New England regions, as well as certain exposures that we do not manage on a geographic basis, such as merchant point-of-sale financing.

Table 6					
(in millions)	As of December 31, 2022				
	Mid-Atlantic	Midwest	New England	Other	Total
Commercial and industrial	\$35,541	\$11,149	\$18,681	\$35,107	\$100,478
Commercial real estate	21,149	2,261	3,760	12,229	39,399
Leases	478	318	93	709	1,598
Total commercial	57,168	13,728	22,534	48,045	141,475
Residential mortgages	19,019	1,213	5,436	5,890	31,558
Home equity	16,424	3,836	15,443	1,378	37,081
Automobile	4,159	1,938	1,743	4,452	12,292
Education	4,571	1,567	2,225	4,648	13,011
Other retail	6,491	1,920	4,224	7,787	20,422
Total retail	50,664	10,474	29,071	24,155	114,364
Total	\$107,832	\$24,202	\$51,605	\$72,200	\$255,839

Our gross commercial and retail charge-offs for the quarter-to-date period ended December 31, 2022 were \$21 million and \$105 million, respectively. We measure the ACL reserve based on groups of loans with similar risk characteristics and it is not disaggregated on the basis of impairment method.

Table 7 below presents our AACL balance as of December 31, 2022. Refer to Note 6 in our 2022 Form 10-K for more information on ACL including ACL balances and related year-to-date charge-off information.

Refer to Note 4 in our 2022 Form 10-K for a summary of securities by contractual maturity and “Schedule HC-R - Part II Risk-Weighted Assets” in our December 31, 2022 FR Y-9C for a summary of OTC derivative notional amounts by remaining maturity.

Counterparty Credit Risk-Related Disclosures

Counterparty exposure arises primarily from the OTC derivative transactions in our customer and institutional derivative portfolios. The amount of this exposure depends on the value of underlying market factors (e.g., interest and foreign exchange rates), which can be volatile and uncertain in nature. Counterparty exposure also arises (to a lesser extent) from our securities lending and borrowing activities, which includes entering into repurchase agreements.

The customer derivative portfolio consists of interest rate swap agreements and option contracts transacted to meet the financing needs of our customers. We transact swap agreements and interest rate options agreements to effectively minimize our market risk associated with the customer derivative products. The customer derivative portfolio also includes foreign exchange forward agreements and option contracts entered into for the purpose of hedging exposure related to cash orders, loans, and deposits denominated in foreign currencies. We also enter into commodity swaps and option contracts to mitigate commodity price volatility. We commonly execute these trades concurrently with new loan transactions, with any business collateral received from a counterparty securing both the derivative and loan. Accordingly, the underwriting process for establishing customer derivative credit limits is equivalent to the process used for corporate loan exposure. We establish these limits based on potential future exposure using stochastic models developed by F.I.S., a third party risk management software solution provider. The models utilize Monte Carlo methods consistent with industry practice and are subject to risk governance for model risk management and validation. We manage the credit risk of our customer derivative positions by diversifying our positions among various counterparties and in certain cases, transferring the counterparty credit risk related to interest rate swaps to third parties using risk participation agreements. When measuring the fair value of our customer derivative portfolio for GAAP financial reporting purposes, we include a CVA that reflects the credit quality of the swap counterparty, as well as factors in our own credit quality. For more information on our valuation methodologies, refer to Note 20 in our 2022 Form 10-K.

Residential loan derivatives include loan commitments that allow residential mortgage customers to lock in the interest rate on a residential mortgage while the loan undergoes the underwriting process. We use forward sales contracts to protect the value of residential mortgage loans and loan commitments that we underwrite for future

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

sale to investors in the secondary market. We also hedge the fair market value movements of certain MSRs using various interest rate derivative contracts.

The institutional derivative portfolio primarily consists of interest rate swap agreements used to hedge the interest rate risk associated with our loans and financing liabilities (e.g., borrowed funds, deposits, etc.). Institutional swaps and swaps executed to mitigate the market risk associated with our customer derivative products and residential loan derivatives include bilateral trades with dealers and cleared trades with central counterparties. These trades must comply with daily margin requirements where we post financial collateral based on pre-defined “posting thresholds”. Posting thresholds represent the amount of exposure that counterparties are willing to accept on an unsecured basis. We post collateral only when the market value of any outstanding swaps exceeds that threshold. Changes in our own creditworthiness do not generally have an impact on the amount of collateral posted given zero thresholds have become the market convention. Bilateral trades with dealers are subject to counterparty credit limits that cover replacement costs and potential changes in market value based on a ten day close out period. We collect and post variation margin for swaps entered into with registered swap dealers. Effective September 1, 2022, bilateral trades with a registered swap dealer must comply with the initial margin rules for both the CFTC and the Prudential Banking Regulators, subject to their own pre-defined posting thresholds. Unlike daily margin, initial margin is required to be held and segregated at an independent third-party custodian negating the need for counterparty credit limits. Cleared trades with central counterparties are subject to counterparty credit limits for initial margin requirements where we post collateral, but where the collateral is operationally commingled with initial margin owed to other clients of the clearing broker.

Our repurchase agreements are typically short-term transactions (i.e., overnight), but they may be extended to longer terms-to-maturity (not to exceed 270 days). We fully collateralize such transactions and account for them as secured borrowings in our financial statements. We establish counterparty credit limits to monitor our over-collateralized position, which represents the difference between the market value of the collateral pledged and the amount we borrow. When permitted by GAAP, we offset short-term receivables with short-term payables associated with our reverse repurchase agreements.

On a daily basis we monitor counterparty credit exposures for counterparties with an established CSA, including initial and variation margin CSA, to ensure appropriately sized collateral levels to cover risk. We manage collateral received from third parties and held pursuant to the terms of the governing CSA agreement for the counterparty, in either a tri-party custodial, segregated or an omnibus account. We negotiate the collateral requirements on each established CSA and primarily include cash in the form of U.S. Dollars, U.S. Treasuries, and MBS of a certain credit quality.

Refer to Note 14 in our 2022 Form 10-K for fair value of our derivative transactions on both a gross and net basis. The net basis presented represents the impact of enforceable master netting agreements as well as collateral paid and received.

Refer to Note 4 in our 2022 Form 10-K for information on our repurchase agreements and Note 20 in our 2022 Form 10-K for the fair value of our repurchase agreements.

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

Credit Risk Mitigation

We limit our credit risk mitigation that is recognized for the purposes of reducing capital requirements to implicit and explicit credit guarantees provided by the U.S. Government. We do not use collateral as a source of credit risk mitigation for the purposes of reducing capital requirements. Table 13 below presents our total exposure covered by guarantees and the risk-weighted amounts associated with each exposure.

Table 13			
(dollars in millions)		As of December 31, 2022	
Guarantor	Guaranteed Exposure Amount	RWA	RW %

Total explicit guarantees	\$16,845	\$—	0 %

SECURITIZATION

A securitization exposure is a transaction in which the credit risk of the underlying exposure transfers to third parties and is separated into two or more tranches. The performance of a securitization depends upon the performance of the underlying exposures or reference assets, all or substantially all of which are financial exposures. We participate in the securitization market as an investor and a lender in traditional securitization exposures; however, not as an originator or sponsor. We invest in securitization exposures of third party issued non-agency MBS, collateralized loan obligations and other asset-backed securities. Other asset-backed securities are collateralized by loans that we sold to a third-party sponsored VIE and we provided financing to the purchaser for a portion of the sales price of the asset-backed securities. We also may act as a securitization lender by entering into asset-backed securitization loans with third party sponsored special purpose entities that are designed to meet client needs for long-term financing of assets or working capital. We calculate the regulatory capital requirement for securitization exposure in accordance with the U.S. Basel III Standardized approach. RWA for securitization exposures is determined using SSFA. The SSFA framework considers our seniority in the securitization structure and risk factors inherent in the underlying assets. For more information on our securities portfolio, refer to Note 4 in our 2022 Form 10-K.

We do not apply credit risk mitigation to our securitized exposures and do not have exposure to securitization guarantors. We do not have synthetic securitization exposure and all securitization exposures are held on our balance sheet.

Risk Management

We manage the risks related to securitization positions in accordance with the investment, credit, and interest rate risk management policies. Refer to “Management’s Discussion and Analysis of Financial Condition and Results

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

of Operations - Risk Governance” in our 2022 Form 10-K for more information on our credit risk and interest rate risk (i.e., non-trading risk) governance. For each securitization position, we perform due diligence on the credit worthiness of each position prior to entering into that position. Our due diligence procedures provide a comprehensive understanding of the features that would materially affect the performance of a securitization, and are commensurate with the complexity of each securitization position held.

Table 14 below presents our exposures receiving securitization capital treatment by collateral type and capital treatment method.

Table 14						
(in millions)	As of December 31, 2022

Accounting Policies

For information on our accounting policy for investments in securitized assets (i.e., “investments in debt securities”) see Note 4 in our 2022 Form 10-K.

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

EQUITIES (NON-TRADING)

We hold equity securities to fulfill requirements of membership and participation in U.S. banking and payments systems. CBNA holds stock in the FRB and the FHLB. Our equity holdings include fund and non-fund equities and immaterial amounts of stock. The non-fund equities use the simple risk-weight approach and primarily consist of investments in community projects in conjunction with our commitment to the communities in which we operate. These investments also fulfill specific requirements imposed by the CRA as implemented by the U.S. regulatory agencies. In addition to CRA investments, we invest in renewable wind energy projects, providing benefits from returns generated by government incentives plus other tax attributes that come with ownership. We also have invested amounts in fund-related equity investments, consisting primarily of money market mutual fund investments, and separate account bank owned life insurance. The underlying assets of separate account bank owned life insurance consist primarily of treasuries, mortgaged-backed securities, and bonds. The fund-related equity investments use the full look-through approach to determine risk weight.

Our accounting policy for equity securities (i.e., “other investment securities”) is presented in Note 4 in our 2022 Form 10-K. We present methodologies for measuring the fair value of equity securities in Note 20 in our 2022 Form 10-K. The carrying value of our CRA investments are included in the other assets line in “Financial Statements - Consolidated Balance Sheets” in our 2022 Form 10-K. Separate account bank-owned life insurance is included in the bank-owned life insurance line within the “Financial Statements - Consolidated Balance Sheets” in our 2022 Form 10-K. Table 16 below presents our equity exposures and the risk-weighted amounts associated with each exposure.

Table 16			
(dollars in millions)	As of December 31, 2022		
	Exposure	RWA	RW %
Federal Reserve stock	\$670	\$—	0 %

Other fund equities	64	64	100
Total	\$4,183	\$2,968	

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

MARKET RISK

Non-Trading Risk

Our non-trading banking activities expose us to market risk. This market risk is composed of interest rate risk, as we have no commodity risk and de minimis direct currency and equity risk. We also have market risk related to capital markets loan originations, as well as the valuation of our MSRs. Refer to “Management’s Discussion and Analysis of Financial Condition and Results of Operations - Market Risk - Non-Trading Risk” in our 2022 Form 10-K for more information on our exposure to interest rate risk. Refer to Note 14 in our 2022 Form 10-K for more information on our hedging policies and our processes for monitoring hedge effectiveness.

Trading Risk

We are exposed to market risk primarily through client facilitation activities including derivatives and foreign exchange products, as well as underwriting and market making activities. Exposure is created as a result of changes in interest rates and related basis spreads and volatility, foreign exchange rates, equity prices, and credit spreads on a select range of interest rates, foreign exchange, commodities, equity securities, corporate bonds and secondary loan instruments. These securities underwriting and trading activities are conducted through CBNA, CCMI, and JMP.

As of December 31, 2022, our market risk RWA was \$739 million, reflecting general market rate/price risk and specific risk. We do not model our specific risk through the VaR based process and thus we calculate a specific risk add-on under a standardized measurement method. We do not calculate incremental risk or comprehensive risk, as we take a standardized specific risk add-on, and we do not participate in correlation trading related activities.

For further discussion related to market risk governance, risk measurements, VaR methodology and validation, and regulatory capital, refer to “Management’s Discussion and Analysis of Financial Condition and Results of Operations - Risk Governance” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations - Market Risk” in our 2022 Form 10-K.

APPENDIX 2 - FORWARD-LOOKING STATEMENTS

This document contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Any statement that does not describe historical or current facts is a forward-looking statement. These statements often include the words “believes,” “expects,” “anticipates,” “estimates,” “intends,” “plans,” “goals,” “targets,” “initiatives,” “potentially,” “probably,” “projects,” “outlook,” “guidance” or similar expressions or future conditional verbs such as “may,” “will,” “should,” “would,” and “could.”

Forward-looking statements are based upon the current beliefs and expectations of management, and on information currently available to management. Our statements speak as of the date hereof, and we do not assume any obligation to update these statements or to update the reasons why actual results could differ from those contained in such statements in light of new information or future events. We caution you, therefore, against relying on any of these forward-looking statements. They are neither statements of historical fact nor guarantees or assurances of future performance. While there is no assurance that any list of risks and uncertainties or risk factors is complete, important factors that could cause actual results to differ materially from those in the forward-looking statements include the following, without limitation:

- Negative economic, business and political conditions, including as a result of the interest rate environment, supply chain disruptions, inflationary pressures and labor shortages, that adversely affect the general economy, housing prices, the job market, consumer confidence and spending habits;
- The rate of growth in the economy and employment levels, as well as general business and economic conditions, and changes in the competitive environment;
- Our ability to implement our business strategy, including the cost savings and efficiency components, and achieve our financial performance goals, including through the integration of Investors and the HSBC branches;
- The effects of geopolitical instability, including as a result of Russia’s invasion of Ukraine and the imposition of sanctions on Russia and other actions in response, on economic and market conditions, inflationary pressures and the interest rate environment, commodity price and foreign exchange rate volatility, and heightened cybersecurity risks;
- Our ability to meet heightened supervisory requirements and expectations;
- Liabilities and business restrictions resulting from litigation and regulatory investigations;
- Our capital and liquidity requirements under regulatory capital standards and our ability to generate capital internally or raise capital on favorable terms;
- The effect of changes in interest rates on our net interest income, net interest margin and our mortgage originations, mortgage servicing rights and mortgages held for sale;
- Changes in interest rates and market liquidity, as well as the magnitude of such changes, which may reduce interest margins, impact funding sources and affect the ability to originate and distribute financial products in the primary and secondary markets;
- The effect of changes in the level of checking or savings account deposits on our funding costs and net interest margin;
- Financial services reform and other current, pending or future legislation or regulation that could have a negative effect on our revenue and businesses;
- Environmental risks, such as physical or transitional risks associated with climate change, and social and governance risks, that could adversely affect our reputation, operations, business, and customers;
- A failure in or breach of our operational or security systems or infrastructure, or those of our third-party vendors or other service providers, including as a result of cyber-attacks; and
- Management’s ability to identify and manage these and other risks.

In addition to the above factors, we also caution that the actual amounts and timing of any future common stock dividends or share repurchases will be subject to various factors, including our capital position, financial performance,

CITIZENS FINANCIAL GROUP, INC.

December 31, 2022 Pillar 3 Regulatory Disclosures

capital impacts of strategic initiatives, market conditions, receipt of required regulatory approvals and other regulatory considerations, as well as any other factors that our Board of Directors deems relevant in making such a determination. Therefore, there can be no assurance that we will repurchase shares from or pay any dividends to holders of our common stock, or as to the amount of any such repurchases or dividends.

More information about factors that could cause actual results to differ materially from those described in the forward-looking statements can be found under Item 1A “Risk Factors” in our 2022 Form 10-K.
